

Straight Face Game

This one can be very funny. One child is "it" and the others pick a phrase for him. Try "the cat's tail." The others ask him questions, and he must answer with "the cat's tail." Other children ask him questions like,

- What do you brush your teeth with?
- What is your favourite breakfast food?
- What would you write with?
- What do you comb your hair with?

When he laughs, it is someone else's turn to be "it." And you pick another phrase. Some phrases

- My monkey's moustache
- Six smelly sneakers
- The cat's tail
- Humpty Dumpty's hat
